

# WHEEL & TYRE CARE

## WHEEL & TIRE CLEANER

**Model:** GAA34500EN

**Barcode:** 5020144500261

### FEATURES & BENEFITS

- An easy way to keep your wheels and tyres looking clean, new and shiny
- Triple action formula that is specially formulated to clean stubborn brake dust, dirt, tar, grease, and grime
- Not only cleans wheels, but cleans tyres as well
- Fast and effective – works in 30 seconds
- Dissolves brake dust and grime to reveal beautiful, shiny wheels
- Safe on clear coated and factory painted wheels

### DIRECTIONS:

1. Saturate cool wheel with Armor All Wheel & Tire Cleaner.
2. Allow to soak for 30 seconds.
3. Loosen stubborn dirt with a brush or cloth.
4. Rinse wheel immediately. For a showroom finish, dry with a soft, dry cloth or chamois to prevent water spots.

NOTE: Clean and rinse one wheel at a time.

### ATTENTION:

Do not use on wheels that are warm to the touch. Before use, test on an inconspicuous area. If hazing or spots appear, discontinue use. Do not apply to brake parts or other zinc and cadmium-plated surfaces. Prior to use on motorcycles or uncoated polished aluminium, check with manufacturer. Do not use on wheels with damaged clear coats.
